Land Based Language

Come and learn Anishinaabemowin in this new program for the whole family!

Please join us as we explore Anishinaabemowin using a sound based method to understand the roots of Anishinaabe worldview. Anishinaabemowin speaks to the understandings of creation and what we can describe as Anishinaabe science to all our relations (wiikaanigana). The language is best understood in action and in experience. We will have the opportunity to immerse ourselves in learning the language together, in Mother Earth's classroom at Nonquon Outdoor Education Centre.

My name is Beedahban Peltier. My family has instilled in me the passion to learn and share. Growing up in Wiikwemikoong on Manitoulin Island, I was encouraged to participate in the revitalization of Anishinaabe

kendaaswin (Our ways of knowing). I am continually being inspired by the cultural revitalization that is occurring throughout our territories and our commitment to learn Anishinaabemowin is an important part of it.
